LANGUAGES

Swahili, English: First Language

I am a third year student at The University of Nairobi, pursuing Bachelor of Science in Computer Science. I'm very passionate about Software Development, different technology stacks, and coding. I'm looking forward to adding more knowledge and equipping myself with improved skill sets.

EXPERIENCE

September 2022 to Current

Volunteer Google Developer Students Club, Nairobi, Kenya

- Focus volunteering efforts in recruiting new students who have a passion for software development. Attend both in-person and online training sessions to learn and teach other members new software development technologies.

January 2022 to Current

Lead Software Developer Freelancing, Nairobi, Kenya

I design, develop, and maintain websites for different startups while expanding my knowledge on website development either single-handedly or in groups.

February 2020 to May 2022

Customer Relations Officer Equity Bank Limited, Nairobi, Kenya

- Addressed customer service inquiries quickly and accurately. Lead campaign of mobile banking services to customers during onset of Covid-19 by conducting system's training.
